We do disaster recovery.

Since Hurricane Katrina in 2005 when Sher Garner led the remediation and insurance collection efforts for its clients in the Gulf South, Sher Garner has been at the forefront in assisting our clients with both preparedness for various natural and man-made disasters and obtaining appropriate recovery from property and business interruption insurers, governmental agencies and disaster programs, and others for damages from them. For example, Sher Garner assisted hundreds of business, non-profit, and individual clients in their efforts to obtain recoveries from the BP Oil Spill and has helped and is currently assisting clients due to the recent 2016 floods in the Baton Rouge and Lafayette areas.

About Sher Garner

Sher Garner Cahill Richter Klein & Hilbert, L.L.C., located in New Orleans, Louisiana, is a nationally recognized full service law firm delivering sophisticated legal representation in both litigation and transactional matters.

Our talented team of attorneys provides our clients with the astute knowledge of a large firm practice, but with responsiveness, personal attention and sensible staffing of a smaller firm, all while delivering quality legal services effectively and efficiently.

The hallmark of our service is our attention to the needs of our clients that goes beyond the rules of professional responsibility. When representation requires litigation, we are aggressive trial lawyers, who are not afraid to fight to protect our clients' rights. We also believe in reasonableness and cooperation, however, and adjust our representation to suit the needs of any particular client. A client who brings us a transactional matter can expect an honest and accurate appraisal of the matter and a resolution in the most practical, direct and economically feasible manner.
