We do corporate internal investigations.

Corporations, both private and public, face critical compliance issues on a daily basis. When an entity is confronted with allegations of potential wrongdoing, that entity is well-served to act deliberately to uncover all relevant facts surrounding any allegations in order to best protect the entity. It is imperative then that an internal investigation, spearheaded by external counsel, is ordered and conducted immediately. Simply ignoring allegations or “circling the wagons” typically compounds these complex matters. Sher Garner lawyers have the personnel and experience to conduct internal investigations in an efficient and effective manner that benefit and protect corporations in today’s environment.

About Sher Garner

Sher Garner Cahill Richter Klein & Hilbert, L.L.C., located in New Orleans, Louisiana, is a nationally recognized full service law firm delivering sophisticated legal representation in both litigation and transactional matters.

Our talented team of attorneys provides our clients with the astute knowledge of a large firm practice, but with responsiveness, personal attention and sensible staffing of a smaller firm, all while delivering quality legal services effectively and efficiently.

The hallmark of our service is our attention to the needs of our clients that goes beyond the rules of professional responsibility. When representation requires litigation, we are aggressive trial lawyers, who are not afraid to fight to protect our clients' rights. We also believe in reasonableness and cooperation, however, and adjust our representation to suit the needs of any particular client. A client who brings us a transactional matter can expect an honest and accurate appraisal of the matter and a resolution in the most practical, direct and economically feasible manner.
